1/27/2021

Dear fellow Willie Flight Daedalians,

I hope this finds you safe and well. Perhaps you have had your first Covid-19 Vaccine shot or at least scheduled for it. Betty and I received our first shot yesterday at the State Farm Coliseum. It was very well organized and efficient. Our appointment was for 12:36 PM. We arrived early and were only there for 40 minutes and left with a scheduled appointment for the 2nd shot.

The staff and I have agreed to purchase the zoom program so that we could use it for longer time periods and allow more numbers to attend. We are looking to have a membership zoom meeting for April 8th and the exact time to be determined later. We have a potential guest speaker that can give his presentation on zoom. I have seen it before, and it was quite interesting, and I think everyone would enjoy it. The title of it is: Air Bases used in Arizona for training pilots and crews during WW II. I am looking for another presenter for the May meeting. If you have seen a presentation that you think our flight members would enjoy, please pass the information back to me. C# 602-295-3880 or email rbperkins@cox.net.

I miss the social interaction at our in-person meetings when we share past experiences and stories that always get better the more times they are told. Until we can meet in person, I wish you all can stay safe and well.

VV

Ron Perkins,
Flight Captain
