

Willie Flight #82

August 12, 2020

Hi Willie Flight members! I hope everyone has settled into our “new normal.” I never knew wearing face masks could become such a fashion statement. I am hoping we are nearing the end of this pandemic – I miss seeing all of you!

As of now, we plan to have a November 12th dinner meeting. A speaker is confirmed – and the menu is set. See our web site for details: <http://www.willieflight.org/>. The Willie Flight Board of Directors will meet on October 19th to make the final decision on whether the conditions are appropriate for us to have a safe meeting in November. We also have tentatively planned a December 10th dinner meeting (spouses invited). Keep in mind that the November and December dinner meetings are tentative – you will receive an e-mail letting you know the board’s decision as soon as the October 19th meeting has adjourned.

The Willie Flight Board of Directors has approved extending your 2020 local dues to cover 2021. Pat has indicated that all members have paid their dues for 2020 – so everyone is now paid up for 2021 also. If you were looking for a “Silver lining” to this pandemic – you just found it! A free year of top-notch fellowship and entertainment as you attend the Daedalian meetings scheduled for 2021.

Willie Flight #82 Scholarship Information for 2020
