Flight Captain's Update to Flight 82 members on Upcoming April 8th Virtual Meeting

Attention Willie Flight Daedalian Members,

The staff are planning to have a virtual membership meeting on the 8th of April, we have an interesting speaker, Erik Berg, who will be speaking on Arizona's Ghost Towns of the Second World War. This presentation provides an overview of the flight training activities in Arizona during the war but focuses specifically on those airfields that still have significant features, foundations, or remains from the war period.

I am sure that many of you have already experienced a virtual meeting on the computer, perhaps thru the program called “Zoom”. I am sure, there are some that have not. Here are a few things you need to do in order to view the presentation:

1. Have a laptop or desktop with a camera, an IPAD, tablet or cell phone.
2. Once Art puts out the invitation, you will be provided with the date and time and the link you will use to join the meeting.
3. We will send out an invitation with date and time and link for a practice run for those who have not ever done a virtual meeting before. I hope you will join us.

The virtual meeting is the best way we can stay in contact with our members and still provide an interesting topic to listen to. I look forward to the time we can meet in person again, hopefully our first meeting in September. If you have any questions, please give Art or me a call or email us with your question.
